## Design

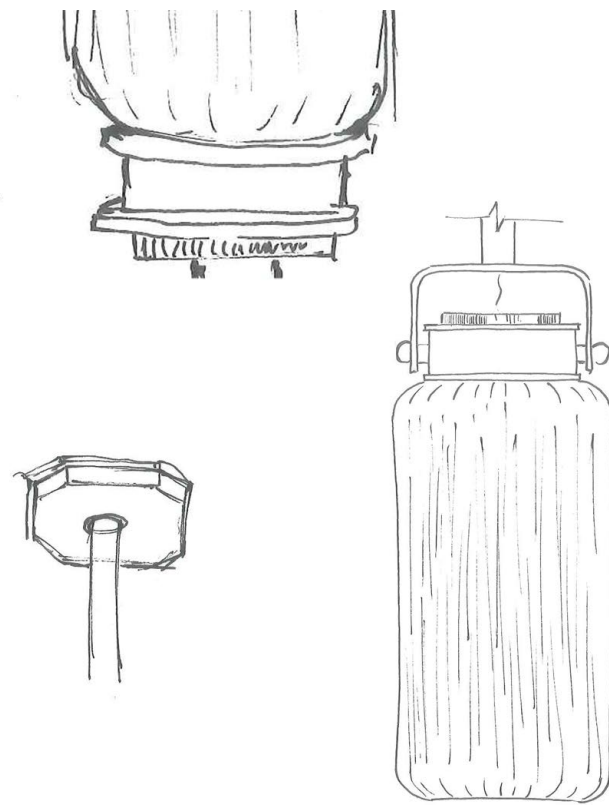

The stylish Dalby light was designed with Drummonds' Classic Brassware Collection in mind and is suspended on a fabric flex. Available in a choice of three glass options: fluted or conical in clear or antiqued glass. This stunning design also works well as a wall light or pendant, as seen in main image over a kitchen.

## Made for the bathroom

Our lights have been designed to be rated to work in a wet environment (IP44 rated in the UK) they come with a small glass dome over the shade to look authentic and function perfectly.

## Beauty

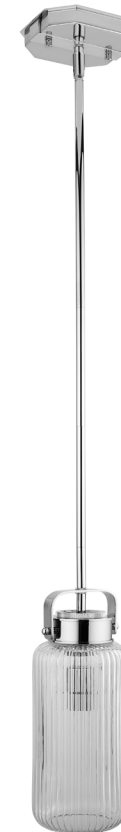

The Chessleton light, shown below, is a brilliantly versatile design made from solid brass that can be positioned as an uplighter, a downlighter or a side light. Light is available in a choice of three glass options: fluted or conical in clear or antiqued glass.

## Elegant

Ever the master of finishing detail, Martin Brudnizki channels vintage luxe in this versatile bathroom light. Suspended from the ceiling, the Derwent Light comes with our beautiful fluted glass shade. This light is also very adaptable, the pole allows multiple height adjustments to work in most spaces.

## Style

Drummonds' distinctive style is clean, crisp and luxurious, perfect for both contemporary & period settings. The designs are timeless classics, they are made to look great now and for many years to come.

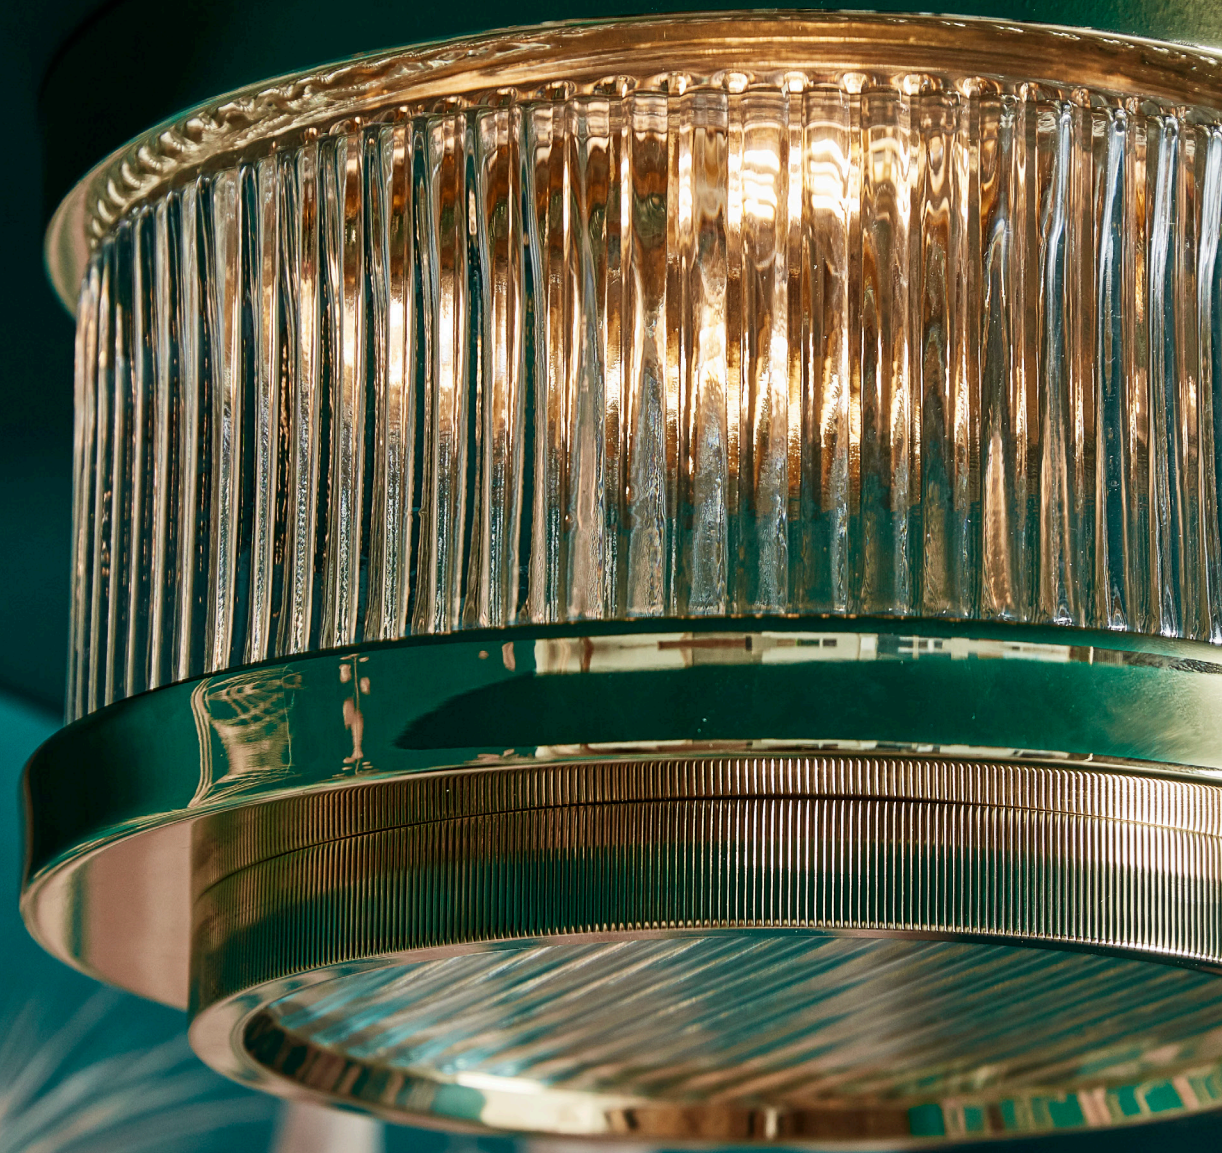

## Inspirational

Vintage luxe is channeled in this versatile bathroom light. The glass is hand blown and the metalwork is hand fabricated, making each light a unique piece. Many of the lights work positioned up or down in the space.

## Proportions

Martin Brudnizki's new 'Derwent Flush Ceiling' light is a masterpiece of craft luxe. The reeded glass shade is hand blown and the brassware is hand fabricated.
