

The Wye Large Bateau Cast Iron Bath Tub in a Hammered Copper Finish

## The Copper Wye Large Bateau Cast Iron Bath Tub

### Description

Named after the river Wye, this new bath has been designed as a longer, wider, deeper version of our most popular bath – the Usk, giving more comfort in the classic bateau style. The design of the Wye is based on an 18th century Bateau or ‘boat’ bath, high sided to retain heat and a grand classical symmetry.

### Price
